

January 20, 2010

Dear Darren,

I am pleased to confirm that Big Mix Entertainment were the recommended DJs when Dodmoor House opened as a wedding and events venue in 2006 and successfully worked at many evening parties that were held here.

We would be happy to consider using your services again as a DJ for future weddings and wish you the very best in restarting the business.

We are expecting to host 115 weddings this year, together with some corporate events and private parties, and already have forward bookings for around 40 weddings in 2011, so there is plenty of potential business here to look forward to!

Yours sincerely,

Mark Bradley (owner)
